Anesthesia/Surgical Consent Form

We care about your pet's health as much as we do yours. If you are showing any signs of illness or have been exposed to COVID-19, we ask that you stay home.

Please make sure your pet is on a leash or in a carrier upon arrival or we will not be able to take them from you.

PLEASE FILL OUT THIS FORM AND RETURN PRIOR TO YOUR SCHEDULED SURGERY DATE

CLIENT/PATIENT INFORMATION:

Owner's Name (First & Last) _____

Phone # at which we can reach you _____

E-Mail Address _____

Pets Name _____

Date of Surgery: _____

Surgical procedure(s) to be performed: Spay Neuter Dental Mass Removal Other: _____

If you pet is having a mass removed please circle area on diagram below:

FELINE

CANINE

If your pet is having multiple masses removed; please send us a picture of the desired masses to be removed attached to this form.

If your pet is having a spay surgery; when was the last heat cycle or vaginal discharge seen: _____

Due to possible complications, our veterinarians highly recommend postponing surgery for at least 8 weeks from the end date of your pets last heat cycle.

If your pet is having a dental procedure; I understand the American Veterinary Medical Association recommends dental radiographs to check for pre-existing conditions before extraction and I am aware that this hospital does not perform dental radiographs. I may request a referral to a board certified veterinary dentist if I wish to have this done.

I understand and agree: (Initials _____)

Any issues with vomiting, coughing, diarrhea? Yes No

If yes please explain: _____

Will your pet be taking any medications within 24 hours of scheduled surgery? Yes No

Which medication(s)? _____

When are they given? _____

Strength: _____

Dose: _____

Does your pet have any food allergies? Yes No If yes please explain: _____

I understand that some risks always exist with anesthesia and/or surgery and that I am encouraged to discuss any concerns I have about those risks with the attending veterinarian before the procedure(s) is/are initiated.

Any concerns or questions regarding the surgical procedure? Yes No

If yes please explain: _____

Pets having surgery will need to be fasted overnight. Please pick up and/or remove any food left out for your pet by 9:00pm the night before surgery. Water can be left out for pets to drink.

I understand and agree: (Initials _____)

PRE-ANESTHETIC TESTING:

A complete physical exam will be performed on your pet prior to the surgical procedure. However, this may not identify all systemic or metabolic problems. For this reason, we require that your pet have pre-anesthetic bloodwork to evaluate major organ functions prior to anesthesia. This blood work consist of:

For pets under 8 yrs old, we require a PCV (pack cell volume) to check for anemia and Chem 10 to check for kidney, liver and glucose levels.

For pets 8 yrs old and older, we require a CBC to check for anemia, infections and certain blood clotting problems and Chem 17 to check for kidney, liver, glucose and pancreas levels.

Blood work done (within 30 days) Date blood work was tested: _____

PAIN MEDICATION:

Pain medication will be given while your pet is here, at the cost of the owner. Pain medication to go home is optional but highly recommended for all surgeries.

I would like pain medication to go home with my pet: Yes No

MICROCHIP:

Microchipping is a procedure that can be completed at any time, however, due to the large size of the needle used to place the microchip, we prefer to do this while your pet is under anesthesia/sedation. Once registered, the chip will be associated with your pet's identity.

Would you like to have your pet microchipped? Yes No

BIOPSY:

We can send the removed mass(es) to a laboratory for pathologist evaluation. A pathologist will evaluate the cells of the mass(es) removed and let us know if your pet needs further treatment. If your pet is having a tumor removed today, would you like a sample to be sent to the lab for a biopsy:

Yes No

I understand that the attending veterinarian will make every effort to contact me regarding treatment in the case of unforeseen emergencies. If unable to contact me, the staff may or may not have my permission to proceed with life sustaining procedures.

I give my permission [Yes]: (Initials _____) I do not give my permission [No]: (Initials _____)

While I accept that all procedures will be performed to the best of the abilities of the staff at this hospital, I understand that no guarantee or warranty has been made regarding the results that may be achieved.

I understand and agree: (Initials _____)

Please note: Any remaining baby teeth will be removed while the patient is under anesthesia at the cost of the owner. This is done to prevent any future dental problems associated with retained deciduous teeth.

I also assume full responsibility for any additional expenses incurred after the surgical procedure is performed, such as follow up radiographs, re-check physical exams and additional surgery due to post-op complications. These are more likely to occur when there is a failure to comply with the aftercare instructions.

Payment is expected when services are rendered; no billing or payment plans will be implemented without prior approval.

I have read and fully understand the terms and conditions set forth above and I authorize the Doctors of Old Bridge Veterinary Hospital to prescribe, treat and/or perform surgery as indicated above as well as any procedures deemed necessary for my animals' wellbeing.
